ABOUT MARBELLA

Marbella

Marbella is renowned for being one of the most cosmopolitan villages of the Spanish coast. Puerto Banus harbor and the famous Golden Mile have increased this glamour to the highest levels of Europe.

The name has attracted many visitors for decades looking not only for this glamour but also for its enviable climate. This Mediterranean micro-weather is the perfect companion for outdoor activities and has favored the establishment of excellent sport facilities and golf courses around the city.

Such a place to live has won the heart of many who decided that it is one of the best spots in the world to retire or even to build their dreamed business.

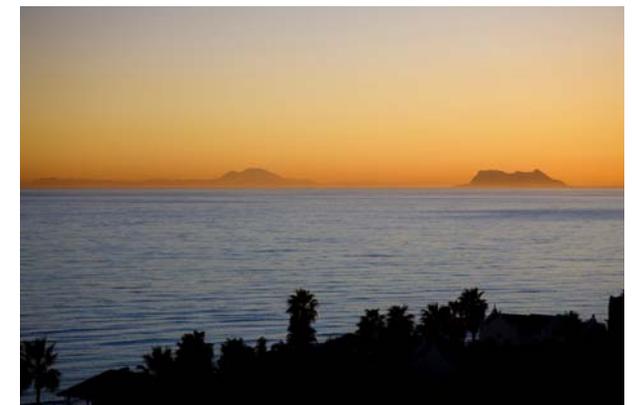

Still, Marbella is growing: more than 100,000 people live now in the town, the infrastructures have been modernized, plenty of top class restaurants have opened their doors and, of course, some of the best shopping!

Situated along the Costa del Sol, Marbella is Spain's answer to St Tropez. This chic holiday resort is a favored get-away among the rich and famous and it's not hard to see why. There's an endless supply of world-class restaurants, luxury hotels, spectacular golf courses, fashionable shops, a lovely marina and a vast number of lively bars and clubs to keep you entertained till sunrise.

The beachside of the motorway is fully developed, while the mountain side is still undergoing development. Investment opportunities include spectacular views of mountain and sea.
